### THE NEW LONE PEAK TRAM

Big Sky Resort has transformed the winter and summer experience on the resort's centerpiece, the iconic Lone Peak Tram. The new tram provides unrivaled comfort and speed to Big Sky's high-alpine terrain. The new tram unlocks more access to the highest scenic overlook in Montana in both winter and summer, complete with views of Montana, Idaho, and Wyoming, as well as Grand Teton and Yellowstone National Parks. With the Explorer Gondola opening in winter 2025-26, Lone Peak's summit will be accessible for pedestrians of all mobility levels in both winter and summer seasons.

## CLIMATE & CONDITIONS

Big Sky sits high in the Madison Range above the Gallatin River Canyon, keeping temperatures cool year-round. The ski area summit sees an average annual snowfall of more than 400 inches. Due to the consistent snowfall, fresh powder can be found frequently throughout Big Sky. Summers are comfortable and mostly clear, with July being the warmest month with an average high temperature of 77.9°.

## LODGING

Big Sky offers a wide array of accommodations to fit all tastes and budgets, from motels, bed and breakfasts, grand ski lodges, charming condos to the exceptional service and superior 4-star amenities of Big Sky Resort

## GETTING THERE

Big Sky is located in the Rocky Mountains of southern Montana. The Bozeman International Yellowstone Airport (BZN), is less than 45 minutes away, and services more than 40 nonstop flights reaching more than 30 destinations including San Francisco, Los Angeles, Seattle, New York, Dallas and Chicago, among many others. Shuttle services from the airport and to get around town are abundant. Southeast of town, the West Entrance of Yellowstone National Park is approximately one hour drive.

Located in the heart of the meadow area, Big Sky Town Center is a gathering place where visitors will find a village of local boutiques, farmers markets, events, and numerous dining options featuring everything from artesian foods to handcrafted cocktails.
