Route 66

A classic, nostalgic, all-American road trip. Route 66 stretches 3,940km from Chicago to Los Angeles. Once a thriving stretch of road, most of the route has been replaced with modern highways but you will still find authentic townships, classic motels, old-school diners and gas stations along this iconic route. Experience a slice of Americana and tick this one off your road-trip bucket list, you won't be disappointed.

Have used DriveAway previously and have found them very convenient. Booking was easy with great choices of cars. It takes the hassles out of the trip having organised beforehand.

Europe

The culture, the cuisine, the history, the stunning scenic coastlines, the iconic landmarks, the welcoming villages and the memories that will last a lifetime. A European road trip offers many layers of possibilities, only limited by the time you have to explore and your imagination.

Make your way through the wine regions of Tuscany, experience the coastal roads of Croatia's Adriatic coastlines, meander the historic streets of Paris; all the while diverting off the tourist trails and immersing yourself in the local culture.

Experience the freedom to stop and take in the incredible scenery, to take an unplanned turn off the map to find a local Swiss café to enjoy coffee and cake with the locals or a hidden Spanish tapas restaurant away from the crowds.

If you're planning a trip of at least 21 days through Europe, you may find that our Euro-Drive option will suit you best. Refer to page 16 of this brochure for more information.

The Garden Route

One of the most famous, and shorter, tourist drive routes at just 200km, spans between Mossel Bay in the Western Cape and the Storms River. The Garden Route packs an incredible and varied experience into the relatively short distance so you will want to take your time. The coastline is home to many beautiful, sandy beaches but venture inland and you'll find secluded lagoons, lakes and rolling green hills.

Waterberg Meander

The Waterberg is often referred to as 'South Africa's Eden', and with very good reason. Despite being just two hours north of Johannesburg and easily accessible by road it is a destination generally overlooked by travellers. The journey takes you through the savannah, stretching from Marakele National Park in the south-west, to Wonderkop nature reserve in the north-east. It is a wild, beautiful and unique African experience that will get you up close and personal with the local wildlife.

Excellent website. Great choice of cars and rental companies. Spoke to DriveAway on the phone, excellent. Car was ready and waiting not a hitch. Thank you.

Advice from the experts

Did you know, that in England if you leave your car running to warm it up in winter, you could be fined for causing unnecessary air pollution? Or, that in France, if a driver flashes their headlights at you it's because they are planning to move first; they're not giving way to you.

At DriveAway, we're more than just a vehicle hire company – we are a travel company. That's the DriveAway difference!

What else do you need to know?

Pre-paid: One of the great features of booking with DriveAway is paying in local currency, Australian Dollars(AUD).

International Driving Permit: An IDP is proof that you hold a valid driver's licence in your home country at the date of issue of the IDP. We encourage all travellers to carry an IDP with your domestic driver's licence at all times. Some countries and suppliers advise this is mandatory.

Security Bond: It is essential when collecting a car that you also present a valid credit card in the main

driver's name. The car rental company will hold a security bond in the unlikely case of a collision or theft. Pre-paid cash or travellers cards are not accepted in any cases and debit cards are on a request basis

Fuel Policy: When you collect your car it is important to understand the fuel policy that is applicable to your hire car. The most common policy is a 'full to full' arrangement where you collect and return the car with a full tank of fuel. Alternatively the other option is pre-paid fuel where you pre-pay for a tank of fuel and return the car as empty as possible, as there is no refund for unused fuel.

Link to: You can find more helpful hints and tips for your self-drive holiday at www.driveaway.com.au/travel-resources

Total peace of mind for just AUD\$11.90 per day, take out DriveAway's Excess Refund Protection. You will be able to claim up to AUD\$5,000 in the event of an accident*.

*Does not cover supplier charges. See driveaway.com.au for full terms and conditions. DriveAway has procured an insurance policy covering our financial exposure to this Car Hire Excess Refund Protection through syndicate underwriters at Lloyd's of London, ©JMM 2018 Car Hire Excess Refund Protection 20181024.

At DriveAway we're proud of our competitive prices, however if you happen to find a better price elsewhere we will beat it! The alternative price should:

- Be fully pre-paid with the same supplier inclusions.
- Be available at the time of requesting and available to any member of the general public.
- Include all fees such as airport and location fees. Some suppliers may charge these locally resulting in a more expensive price. Our prices are generally inclusive of these.
- Be paid for within 48 hours, to secure the price beat. Find all the price beat details on www.driveaway.com.au/price-beat
